Bob, really good to hear from you. I hope you and Aline are well. I found you following bridge tournament bread crumbs.

My Nancy died in Sep 2015. She drew a crappy set of cards. 49 years married. Roosy Rds figured large in our lives. Considering my personal tragedy, I am doing well. Three daughters live here in Coronado nearby me.

There is a VC8 web link someplace. Pete Lumianski was a prime instigator. I will try to chase it down later. Steve Daunis was assisting. I will cc: them both. Oops, found a Steve Sloane tidbit and can't find Daunis. The Lumianski address above is suspect as is the Sloane address.

I used a property tax record to find Bob Zapalac in no. Calif. He never answered a letter I sent him. Are you in contact with him?

USNA '63 Classmate, F8 pilot from start to finish, Denny Bell, died a month ago. You may have known him. He bought a Rolls Royce on eBay, fixed it up. His main goal was to have his remains catapulted from a carrier behind the wheel of said car. F18's flew over his funeral ceremony at Miramar. Got my attention.

I am chasing down boat charters in Fajardo with a view for 2-3 weeks sailing Vieques, Culebra, St. Croix, St. Thomas/St. John, etc. It's fun just thinking about what we did and dreaming that it might still be available.
