'Reader's Digest' Update

Aug '17

Went to VP11, War College as student/staff/faculty, Constellation as Trng Officer, AIRPAC as Info Sys Dept asst., retired in Coronado and bounced around thru a lot of mid-level mgmt. things in several companies. Three daughters, all live nearby, 5 grandkids. Nancy died from uterine cancer almost two years ago and things have been pretty rough. I am a docent on the USS Midway museum and my specialty is Pri-Fly, Cats, and traps. (You could help me here.)
